```

LeadSnapper — Quick Reference (Sales)

Chrome extension · Find leads on Google → sync to FlowChat CRM

Sign in to FlowChat digitalbroadcast.com/FlowChat/sign-in

4-step daily workflow

#	Tab	Action
1	Find	Pick preset or keyword → Open Google / Maps
2	Results	Click Scan → expand leads → Find owner mobile
3	Pipeline	Add to Pipeline → edit status & notes
4	Export	Sync qualified (Hot + Warm) → FlowChat CRM

Priority colours

Hot	Warm	Cold
Call first	Good follow-up	Skip CRM sync

Flow CRM settings (one-time)

Setting	Value
Flow CRM sync	ON
API base URL	https://www.digitalbroadcast.com/FlowChat/api
API key	From FlowChat → Settings → Integrations (fc_live_...)

Admin checklist (FlowChat)

- Settings → Integrations → Create key **LeadSnapper**
- Settings → CRM → Enable sync → **Hot + Warm** → **Save & provision fields**

Quick fixes

Issue	Fix
No scan results	Use Google Maps or Places tab, refresh, scan again
CRM sync blocked	Turn on sync in LeadSnapper + FlowChat CRM settings

No owner mobile	Ask admin for enrichment API keys in Settings
